## WORK EXPERIENCE

### SPARKLIN

SDE-1 (Frontend)

New Delhi

Nov 2021 – Mar 2023

- Started Sparklin's in-house product from scratch using Next.js and Typescript. Communicated with the design team to build beautiful UI and backend team to integrate APIs to develop a full-stack application.
- Developed seamless revamped UI with cross-browser functionality for ICICI bank. Refactored the code for better functionality and easy understanding. Tech stack used: Angular, Typescript, and Bootstrap.

## EDUCATION

### GURU GOBIND SINGH INDRAPRASTHA UNIVERSITY

Bachelor of Computer Applications (BCA)

Graduated with first division.

New Delhi

2018-2021

## PROJECTS

### CRYPTOVERSE

- Developed a crypto web app that shows all the cryptocurrencies in circulation with their stats and news.
- Built using react.js, redux, Rapid API, and ant-d UI library.
- Deployed Version: <https://cryptoversebyarjun.netlify.app/>

### METAVERSUS

- Created a unique and beautiful landing page with animations.
- Built using next, tailwindcss, and framer-motion for animations.
- Deployed Version: <https://metaversusbyarjun.netlify.app/>

### ARJUN (PORTFOLIO)

- Designed a custom portfolio website using react.js and tailwind.css.
- Deployed Version: <https://arjunshankar.netlify.app/>
